Birdhouse "Fooder Barn"

€79.00

Product no.: IN-885246

A bird feeder is the perfect observation place for hobby ornithologists. But who says it has to be made of the simplest wood? Our bird feeders got style: whether it's Bauhaus, typical Swedish wooden architecture or the archetype of an American farm barn.

Birdhouse "Fooder Barn":
They are the epitome of rural America: the large wooden barns of the farmers. Here they serve as a model for a spacious birdhouse, whose wide-open barn door invites the birds to stay and eat. Size 25 x 32 x 21.5 cm (h/w/d). Up to four different fooders can be placed in the "Fooder Barn". Shipped without bird food. Matching metal stake please see item number 885258.
