Friedensreich Hundertwasser:
Set of 3 wine glasses "BEAUTY IS A PANACEA - Gold - Red Wine"

€142.00

Product no.: IN-795667

Hundertwasser believed that creativity should not be limited within a frame. An artist's work should impact all areas of life. They should capture even everyday life objects to enrich our daily lives and stand out from the grey mass-produced goods that surround us.

A festival of the senses - a way of life for the highest standards:
In collaboration with the Königlich privilegierte Porzellanmanufaktur Tettau, we have created this wine glass edition of the finest quality exclusively for ars mundi: Friedensreich Hundertwasser motifs have been transferred onto glass in an elaborate special process that is unique.

Set of 3 wine glasses with gold rim:
Factory number PM XIX/2, PM XIX/4 and PM XIX/6, fired in an elaborate manufacturing process. Up to 20 transparent colours with gold elements on noble glass. Height 23.5 cm each, vol. 0.2 litres each. Hand wash recommended. Each wine glass from the Hundertwasser Wine Glass Edition is a top-quality brand object and is shipped in a decorative box.

The unique Hundertwasser Wine Glass Edition is an ideal gift of the highest quality - created for the most beautiful moments in life...
