

## Garden sculpture "Snail", bronze

€198.00

Product no.: IN-897990

Let's face it - the snail is a rather unwelcome guest in the garden. Unless it is made of bronze, just like this copy: Exactly modelled after its natural counterpart and cast in fine bronze... and above all, it has no appetite for garden plants.

Here, a stately copy of the genus Gastropoda ("stomach foot") is sunbathing. Sculpture in bronze, cast using the Lost-Wax-Process, chiselled and patinated by hand. Size 9 x 21 x 8 cm (h/w/d). Weight approx. 0.7 kg. Can be fastened using the threaded pin supplied.
