

Nikolay Anev: Sculpture "Amazon", bronze

€2,800.00

Product no.: IN-713513

Nikolay Anev interpreted the motifs of classical Greek-Thracian mythology with particular passion. He devoted this work to the legendary people of the Amazons. According to the Homeric Iliad, they fought under their queen Penthesilea in the Trojan War. Anev presents his Amazon as a figure armed with helmet and corselet, oscillating between beauty and strength, grace and untouchability.

Exclusive to ars mundi: Sculpture in fine bronze, cast using the Lost-Wax-Process. Patinated by hand, polished and mounted on a diabase pedestal. Limited edition of 199 copies, numbered and signed. Height incl. pedestal 54 cm. Weight 5,5 kg.
