

Necklace "Tagua"

€188.00

Product no.: IN-753352

The original of this jewellery piece is exhibited in the Gold Museum in Bogotá, Colombia.

A necklace made of colourful and natural-coloured tagua nut, which is interspersed with 24-carat gold-plated metal elements. Tagua is the seed of a palm tree native to Colombia, which hardens and becomes resistant after drying. Adjustable length 42-45 cm. Each piece is unique. Sizes and colours may vary.
