

Pilbri: Picture "Empire Blue"

€498.00

Product no.: IN-837879

The Empire State Building is a symbol of the entire city, just like the Eiffel Tower in Paris or the Brandenburg Gate in Berlin. It has been photographed countless times, whether professionally for travel guidebooks and brochures or by tourists documenting their visit to New York. Even people who have never been there, believe they know a little about the city because of the building's constant presence.

The artist, whose artist name is Pilbri, counters this predominance of the image with her alienated pictures of important sights. She photographs them on site and then elaborately edits them on the computer. The results are works of art that restore their uniqueness precisely through this alienation.

Brilliant colour reproduction on Alu-Dibond behind 3 mm thick acrylic glass. Limited edition of 99 copies, numbered on the back, with hand-signed expert's report. Size approx. 90 x 67.5 cm (h/w). Includes suspension device. Due to the smooth surface, mirror effects may occur depending on the incidence of light. ars mundi Exclusive Edition.
