

Richard Senoner: Sculpture "Mindfulness" (2021), bronze

€4,480.00

Product no.: IN-939968

Richard Senoner sees himself as a traditional sculptor and has long been dedicated to the classical motif par excellence - the nude and the representation of the female body. His goal is to translate expressiveness, aesthetics and harmony into sculpture. The classical "pose", which has long been dominant in old sculpture, is of less interest to him.

His female figure entitled "Mindfulness" is not in a particular pose, she does not present herself. She is completely focused on herself and stretches according to the guidelines of the ancient Indian yoga teachings, which as an Eastern philosophy combines physical and mental exercises.

Sculpture in fine bronze, cast using the Lost-Wax-Process, chiselled by hand, polished and patinated. Taken directly from the wooden original. Limited edition of 49 copies, numbered, signed and bearing the foundry and ars mundi hallmark. With numbered certificate of authenticity and limitation. Size approx. 30 x 32.5 x 9.5 cm (h/w/d). Weight approx. 5.2 kg. ars mundi Exclusive Edition.
