Butterfly house, yellow version

€48.00

Product no.: IN-901458

In winter, some butterflies hibernate. For this purpose, a butterfly house is very convenient. The box is filled with coarse tree bark to create small cavities into which the butterflies can crawl. This butterfly house made of varnished hardwood can be mounted on a wall, tree or pole. Size 21 x 16 x 15.5 cm (h/w/d). Yellow version. Matching metal stake please see item number 885258.
