

Kurt Arentz: Sculpture "Donkey", reduction in bronze

€1,480.00

Product no.: IN-940005

The German sculptor Kurt Arentz (1934-2014) was able to bring his very own side to the classical subject of animal sculpture. Although Arentz always emphasised the typical features of the animals, he never strove for naturalistic perfection. He left the surfaces uneven and visibly structured, thus giving each of his figures a very individual character - as is the case with this donkey, carefree and calm as it observes its surroundings.

Sculpture in fine bronze, cast using the Lost-Wax-Process, chiselled by hand, polished and patinated. Taken directly from the original and reduced in size. Limited edition of 199 copies, numbered, signed and hallmarked with the foundry and ars mundi stamp. With a numbered certificate of authenticity and limitation. Size approx. 23.5 x 20 x 7 cm (h/w/d). Weight approx. 1.7 kg. ars mundi Exclusive Edition.
