€2,300.00

Product no.: IN-703520.R1

The Japanese woodblock print is famous for its fine line drawings and its two-dimensionality. Paul Wunderlich's print "Spring" takes this printmaking technique to another peak. 31 woodblocks were artfully worked to assemble "Spring" into a brilliant picture of colourful luminosity and precise line work. The finest figure drawing marks the consummate mastery of the technical métier. The harmonious juxtaposition of the colour-intensive luminosity of the surreal figure and the background in delicate yellow-green tones is successful.
