

Necklace "Golden Rain"

€184.00

Product no.: IN-745230

Original at the Museo del Oro / Gold Museum in Bogotá. According to the pre-Columbians, gold was symbolising the divine origin of being. To ensure that this power of the precious metal was only preserved for the jewellery wearers and would not reflect back on others, the forging artists of the indigenous advanced cultures matted the surfaces. Stylised drops alternating with brown-red ceramic beads - movement and snapshot at the same time. 24-carat gold-plated metal beads and elements, ceramic beads. Adjustable length from 40-45 cm.
