

Ephebe Head "Youth with Fillet of Victory", bonded bronze version

€780.00

Product no.: IN-303328

A classic example of Rome's adaptation of foreign advanced civilisations is this ephebe head with the even features and the fillet of victory knotted at the neck, perhaps once decorated with silver inlays.

Original: Staatliche Antikensammlungen und Glyptothek, Munich. Roman, around the birth of Christ, after a model from the 4th century BC.

Polymer ars mundi museum replica, hand-cast with bronzed surface. Height with pedestal 33 cm.
