Friedensreich Hundertwasser: Picture "(886) Birth of a Car", framed

€340.00

Product no.: IN-835170.R1

According to the well-known art historian Wieland Schmied, Hundertwasser used colour instinctively. Precisely because of that, he achieved the greatest possible effect with somnambulist certainty. The deep black lacquered solid wood frame and the black passe-partout with white bevel-cut make his colours glow even more. High-quality reproduction, the finishing with glossy foil and the matt black background underline the high quality. Size 59 x 59 cm.
