Dagmar Vogt:
Sculpture "Pina - Reconciliation" (2019), bronze

€3,600.00

Product no.: IN-901443

Dagmar Vogt's current sculptural works deal with the human figure. In earlier creative phases, the artist had already dealt intensively with the female nude and is now returning to the concrete figure after many years of abstract representation.
Just as in her painting, she is equally interested in exploring the boundaries between precise anatomical and free, open sculptural representation with her sculptures.

Bronze sculpture, 2019. Edition: 18 copies. Height: 12 cm each. Width: 37 cm each. Depth: 10 cm each.
