Nature as a landscape of the soul: Susann Ohlendorf is a master of flowing transitions. A landscape that is still hidden in darkness, delicate contours reveal the dawning day. "I am inspired by nearly abstract moments like these in nature. It seems that the visible and the tangible are merging," the artist comments.

The original artwork was transferred directly onto 100% cotton artist's canvas for a brilliant, authentic reproduction and mounted on a stretcher frame using the Fine Art Giclée process. Limited edition of 199 copies, numbered and signed on the back. Size 120 x 80 cm. Exclusively at ars mundi.
