

Sabine Wild: Picture "New York I" (2007)

€2,300.00

Product no.: IN-880698

Sabine Wild's work shows her very own perspective on the architecture of metropolises, such as New York City. The photograph is only the beginning because afterwards, Wild digitally edits the photo, blurs the contours, varies the colours and adds vertical and horizontal stripes and lines. The digital editing creates the impression of the buildings being disassembled into individual parts - and yet the typical character of the motif is never lost.

Photo laminated behind acrylic, 2007. Limited edition 5 copies + 1 A.P. copy. Size 55 x 140 cm (h/w).
