

Chess Pieces "King + Queen"

€178.00

Product no.: IN-340956

The largest collection of early chess pieces were discovered in 1831 in Western Europe at the beach of the Isle of Lewis in Scotland. The sculptures were carved from walrus tusks. These are famous as the most outstanding ancient chess pieces in the world. Original: British Museum, London. Scandinavian Griffin style, 2nd half of the 12th century.

Polymer ars mundi museum replica, hand-cast. With antique bone effect. Almost 10 cm high.
