Friedensreich Hundertwasser: Silk scarf "Dark-Colourful"

€100.00

Product no.: IN-306583

For Hundertwasser, who called himself "Dunkelbunt" (eng. "dark-colourful"), rainy days were inspiring, because, in front of a dark background, colours are glowing most beautifully. Nature's best example of this is the rainbow. On flowing crêpe Georgette, Hundertwasser's composition appears to be flooded with light. Each piece varies slightly in its motif and colour composition, making each silk scarf unique. The ground colour is black. Size 50 x 160 cm.
