

Set of 4 garden sculptures "Snail Procession", bronze

€245.00

Product no.: IN-903333

Snails without scares: Let's face it - the snail is a rather unwelcome guest in the garden. Unless they are made of bronze, just like these copies: They are modelled exactly after their natural counterparts and cast in fine bronze... and above all without any appetite for garden plants.

On the way to the garden plot, no obstacle is too high, no distance too far: a quartet of snails on their way to the lunch table. Bronze sculptures cast using the Lost-Wax-Process, chiselled and patinated by hand. Can be fastened using the threaded pin supplied.
