

Kurt Arentz: Necklace "Attacking Bull", silver version

€248.00

Product no.: IN-746304

The famous animal sculptures by the sculptor Kurt Arentz seem so real because they are not committed to an obsession with detail but to a precise depiction of what is typical of each animal. And so they do not lose their effect even when they are reduced to miniature. Even as pendants, they show Arentz's finesse between depiction and abstraction and are real "character pieces".

Necklace "Attacking Bull": It seems like a symbol of stubbornness, which gives way to lust for battle. A piece of jewellery that radiates unbroken vitality. Pendant in 925 sterling silver, 4 x 2 cm (w/h), with a 45 cm long chain.
