Product no.: IN-871176.R1

Pablo Picasso spent his life searching for new means of artistic expression. His work presents modern art in a constantly new form with incomparable versatility: lively, multifaceted and stimulating.

Original: Ripolin paint on fibre cement board, Musée Picasso, Antibes.

The picture was taken exactly here, during the time Picasso lived and worked for a few months in the Château Grimaldi, which today houses the Musée Picasso. It was a very happy stay for Picasso. He resorted to bright colours and depicted happiness, musically accompanied by mythological figures such as the faun and the centaur that are dancing in the sunshine.
