

Marc Chagall: Picture "Summertime (From the Cycle 'Daphnis and Chloe')" (1961)

Product no.: IN-939546.R1

The cycle "Daphnis and Chloe" includes 42 works. The lithographs are extremely popular among collectors and are, therefore, rarely available on the art market. That is why we are particularly pleased to be able to offer you the work "Summertime".

In bright colours, Chagall presents a love story from antiquity. The light, open language of signs and the delicate floating of the pictorial motifs develop a charming language of fantasy. Viewers are overwhelmed by the harmonious depiction of the theme and the poetic beauty of the colours.

To better empathise with the world of the protagonists, Chagall went to the island of Lesbos in Greece in 1952 and 1954 to be inspired by the atmosphere of the landscape. The work cycle "Daphnis and Chloe" was based on colourful gouaches.
