

Fundamental Berlin: Crystal vase "Muse XL, Rubine"

€199.00

Product no.: IN-940411

Inspired by the mathematics of nature: the sophisticated design objects of the Berlin design studio FUNDAMENTAL are based on the mathematical laws of nature.

This sensual, physical crystal vase was developed in collaboration with the Berlin cult florist Marsano and artisan glassblowers in Bohemia. Using a combination of moulding and shaping, the Fundamental design studio has developed a process that ensures that each vase is lush and unique. The pigment distribution within the glass is uneven, each vase is unique, and some differences in intensity and colour gradient occur between vases. Made in Bohemia.

Size XL. Height 30 cm. Diameter 26 cm. Rubine colour version.
