

Brooch "Tiny Sunbird"

€148.00

Product no.: IN-012210

According to mythological beliefs, the swallow accompanied the sun god on his morning journey across the sky. A transformation into a swallow shape was supposed to give the deceased mobility and enable his ascent to heavenly realms. The small amulet shows the migratory bird with the sun disc on its back.

Egyptian Museum, Cairo. Tutankhamun's burial treasure. Egypt, New Kingdom, 18th Dynasty, c. 1335 BC.

Brooch made of gold-plated 925 sterling silver. Length 3.5 cm.
