The depiction of small animals is a special challenge in bronze art - both in modelling and casting. This sculpture shows the mastery of the modellers and craftsmen. A lifelike portrait that captures the character of the modelled animal and is, of course, suitable not only for your garden but also for a place inside your home.

"Mouse on grain bag": This is what it looks like when a mouse discovers the land of milk and honey. Sculpture in bronze, cast using the Lost-Wax-Process, chiselled and patinated by hand. Size 15 x 15 x 19 cm (h/w/d). Weight approx. 2 kg. Can be fastened using the threaded pin supplied.
