

Petra Waszak: Necklace "Komorebi"

€198.00

Product no.: IN-941655

Komorebi is the Japanese name for an atmospheric natural spectacle: sunlight shining through the foliage.

The eye-catcher of this multi-row necklace is a gold-plated ginkgo leaf that is artfully decorated with hand-coloured shapes reminiscent of treetops. The final highlight of the pendant is a genuine cultured pearl. Made of 24-carat gold-plated brass. With lobster clasp. Adjustable length from 41-47.5 cm. Pendant size 5.6 x 3.8 cm (h/w). Due to the stones used, each necklace has a unique character and may vary.
