Paul Klee:
Picture "The Adventure Ship" (1927), framed

€498.00

Product no.: IN-694603.R1

Klee appreciated the originality of children's drawings and described them as "instructive examples". "The Adventure Ship" is a simultaneous presentation that shows the inside and the outside, just like an x-ray image. The technique of simultaneity is also common in children's drawings. The representation of space and the filling of areas also seem child-like.
Original: Mixed media on cardboard, Pinakothek der Moderne, Munich.

High-quality reproduction using the Fine Art Giclée process process, worked by hand on canvas and stretched on a stretcher frame. Limited edition of 499 copies. Framed in a handmade gallery frame. Size 67 x 100 cm (h/w). ars mundi Exclusive Edition.
