The garden pond is its territory: the duck slowly swims around. The proud mother duck is followed by three ducklings that match her in size and design - silently and without exciting chatter and highly unimpressed by predators of any kind.

Bronze sculptures cast using the Lost-Wax-Process, chiselled and patinated by hand. Can be fastened using the threaded pin supplied.

"Mother Duck": A stately and finely executed specimen of the Anatinae family with partially patinated plumage. Size 18 x 14 x 32 cm (h/w/d). Weight approx. 2,6 kg.

"Duckling Explorer": It curiously stretches its little head upwards, either to look for its mother or to discover the exciting world around it. Size 8 x 6 x 10 cm (h/w/d). Weight approx. 0,4 kg.

"Duckling, Relaxed": Calm and relaxed, it follows its mother and feels visibly at ease amid the flock of siblings. Size 7 x 6 x 11 cm (h/w/d). Weight approx. 0,4 kg.

"Duckling Straggler": It has to hurry in order not to lose its family: With its little legs stretched up, it paddles off vigorously. Size 7 x 7 x 11 cm (h/w/d). Weight approx. 0,3 kg.
