

Necklace "Leone"

€64.00 ~~€89.00~~

Product no.: IN-754706

In 1988, a group of designers came together in the idyllic South African coastal town of Plettenberg Bay and founded the jewellery company Brass Images. The basic materials of the creations are solid brass and copper. The philosophy: meticulous handicraft with a love of detail.

Brass and faceted glass crystals united in a necklace in shades of gold and brown. As this is 100% handmade, slight variations in colour and shape are possible. Adjustable length 41-47 cm.
