

BJ Keith: Wall sculpture "Sterling Journey"

€1,480.00

Product no.: IN-719413

Despite all the abstraction, it is the moon that is almost directly in front of the viewer's eyes. "Sterling Journey" plays with light: the surface shows a moving, light ripple with changing incidence of light and casts a silvery matt light back into the room. Wall object made of polished stainless steel, diameter 94 cm. Weight approx. 10 kg. For inside and outside.
