It does not always have to be the famous German island Sylt. Many islands are suitable for dreaming or real plans. The internationally known artist Volker Kühn leaves a lot of room for interpretations in his works. Each 3D object is elaborately handcrafted, titled and signed by hand in pencil. The artwork is shipped in a 6 cm deep solid wood display case frame. Size 29 x 25 cm (h/w).

The picture is titled in German "Insel der Träume".
