

Rudolf Hausner: Sculpture "Adam Well Protected", bronze on marble pedestal

€1,480.00

Product no.: IN-429931

Rudolf Hausner is the most important representative of the Viennese School of Fantastic Realism. His sculpture "Adam Well Protected" is a gem. With an overall height of 20 cm, the sculpture shines through the density of its design. The richly detailed head, whose heights and depths are modelled by light and shadow, is patinated in a rich matt brown. A strange headdress with elements of turban and boatman's cap surrounds the head and outshines it in brightest gold like a halo. On the back, Adam's headgear in its mirror finish looks like a convex cobbler's sphere in which the environment has gathered in miniature.

Bronze sculpture, patinated, partially polished. Cast by hand using the Lost-Wax-Process, mounted on a pedestal of Marquinia marble. Limited edition 1,250 copies, numbered and signed. Size without pedestal 13 x 11 x 10 cm (w/h/d). Total height with pedestal 20 cm. Weight approx. 2 kg.
