Johann Wolfgang von Goethe already recognised the inspiring energy of the ginkgo biloba and dedicated a poem to it.

The simple elegance of the red agate enhances the filigree pendant made of 24-carat fine gold plated 925 sterling silver plated and a stone made of red Murano glass to create a centre of inner peace.

Pendant size 4 x 4 cm. Chain made of red agate, adjustable length from 42-47 cm. With lobster clasp. Due to the elaborate production by hand, the pendants may vary slightly and have a unique character.
