

Claude Monet: Picture "Summer" (1874), framed

€450.00

Product no.: IN-805334

Blazing heat. Treetops dance gracefully in the wind. The sweet scent of thousands of summer flowers almost seems to beguile the viewer, and the buzzing of eager bees is in the air... This work reflects the human longing for warmth and lightness. Immortalised by one of the greatest Impressionists of all - Claude Monet (1840-1926). The master of light effects always reinterpreted the nature of his native France in a new yet unmistakable way.

Original: Alte Nationalgalerie, Berlin.
