Product no.: IN-768045.R1

The Mainzelmännchen learned to walk on the drawing board: On so-called cels, painted foils for foregrounds and backgrounds. To celebrate their 50th stage anniversary in April 2013, we are offering the limited reproduction of this cel - which their inventor Wolf Gerlach drew for the production - as a colourful Giclée print on 308g Hahnemühlen handmade paper. The colours of the original are shown to their best advantage thanks to the high resolution and excellent paper quality.

"Towards the Top": Two Mainzelmännchen on their way to dizzy heights.

Giclée print on handmade paper. Limited edition 199 copies, signed. Sheet size 34 x 27.5 cm. Framed in a sophisticated solid wood frame in Prague silver with bevel cut passe-partout, dustproof glazed. Size 49.2 x 42.7 cm.
