€59.00

Product no.: IN-390222

A "Magic Mug" for your friends: "Magic Mugs" are a lovely gift for art connoisseurs and porcelain collectors. The "Magic Mugs" depict the world of Hundertwasser's painting and architecture. Each mug possesses and tells its own story and provides plenty of interesting topics of conversation for the get-together over a "Magic Mug" coffee.

Magic Mug "Window's homesickness": For Hundertwasser, houses were not made of walls but windows. He found the levelling of windows unbearable: "Windows in rank and file are sad, windows should be able to dance."
