

Georg & Hans J. Müller: Necklace "La Perle Orientale"

€298.00

Product no.: IN-780524

The beauty of old treasures revisited: The curved lines and flat ornaments of Art Nouveau characterise the jewellery of that era. The Müller Collection manufactory produces historical jewellery replicas and designs its own collections, creating a balance between art historical replicas and contemporary design.

The "La Perle Orientale" jewellery is filigree and feminine. Made of 925 sterling silver with rose gold plating, an oval opal cabochon and an oriental half pearl. Adjustable length 44.5-47 cm, lobster clasp. Pendant 2 x 2.5 cm.
