Product no.: IN-778831

His sculptures have primarily one theme: the human being and in all its undisguised beauty. In these works, beauty is given its unbroken justification, and to a certain extent, it is also the eye of the beholder that is celebrated here.

Sculpture "Bathing Sketch":

"In all carelessness," the artist comments, "the girl settles down after her bath and naturally turns to her body, in which she feels the pulsating freshness that the bath gave her - soothingly she enjoys drying off and is simply happy."
