The birds are celebrating their wedding: This german song is one of the most popular german nursery rhymes. It teaches the youngsters about the diversity of the local bird world from an early age - and of course, it is also very entertaining. Moreover, it is a song that captures the mood of spring with the thousands of voices singing in the woods and meadows. This flock of birds, lovingly modelled and carefully cast in bronze, recreates the famous story of the thrush and the blackbird in your garden.

"The Bride: The Blackbird": "The blackbird was the bride" - and as it should be, the blackbird wears a wedding feather dress with a wreath and even has a bridal bouquet. Bronze sculpture, cast using the Lost-Wax-Process, chiselled and patinated by hand. Size 31 x 20 x 23 cm (h/w/d). Weight approx. 6 kg. Can be fastened using the threaded pin supplied.
