

Hubert Lang: Sculpture "Tuscany Landscape" (2014), bronze

€980.00

Product no.: IN-937780

Hubert Lang has created an expressive bronze here, which reduces Tuscany to its basic elements and typical features. At first glance, it is evident to the viewer that only an artist who has experienced and traversed this landscape hundreds, even thousands of times, could create such a piece. The suggestion of an old villa, towering cypresses and a sprawling pine tree, along with an old bridge built in the Roman architectural style - that's all it takes to capture the essence of the Tuscan landscape in a visual concept.

Sculpture in fine bronze, cast using the Lost-Wax-Process, chiselled by hand, polished and patinated. Signed and hallmarked with the foundry stamp. With certificate. Size 14.5 x 38.5 x 2.5 cm (h/w/d). Weight approx. 1.4 kg.
