Sculpture "Venus de Milo" (reduction, height 88 cm), artificial marble

€1,980.00

Product no.: IN-018659

This icon of antiquity dates back to the heyday of Hellenism. The influence of Greek culture had reached its peak when this sculpture was created. The statue was rediscovered in 1820 on the southwestern Cycladic island of Milos and is still one of the Louvre's greatest art treasures.
Original: Musée du Louvre, Paris. Hellenistic, 2nd century BC Marble.

Polymer ars mundi museum replica cast by hand. Reduction, height including pedestal 88 cm. Weight approx. 30 kg.
