Stud earrings "Gold Discs"

€68.00

Product no.: IN-734705

Colombia was discovered by Amerigo Vespucci, not by Christopher Columbus - yet this jewellery is considered "pre-Columbian". Our replicas originate from the Gold Museum in Bogotá and can be traced back to grave findings.

These pieces of jewellery show pre-Columbian America in its simplest form: 2 small plates made of 24-carat gold-plated metal elements form these stud earrings. Each plate is 2.3 x 1.6 cm in size.
