€330.00

Product no.: IN-764870.R1

In his Hollywood, Robert Nippoldt transforms Californian illusions into witty poster art. His brushstroke contrasts the breathy open spaces and allows the film stars to be experienced in an unusually close way. Nippoldt's graphics convey just as much glamour as necessary and at the same time as much privacy as possible - light and easy, with an almost amused smile that pleasantly grounds the stardom in his Hollywood edition. Here, a portrait of the legendary Greta Garbo.
