€198.00

Product no.: IN-823103

The universal artist Ernst Fuchs expanded his artistic field with the glass series "My Magic Garden", which is exclusively available worldwide only at ars mundi. He recourse on sources of his art that were important to him throughout all the decades of his creative work: the floral motifs of Art Nouveau and Art Deco.

An edition for a festive evening with guests: the white wine glasses transform the festively decorated table into a "magic garden" and harmonise perfectly with fine tableware. The foliage grows almost to the top of the glasses and is lavishly decorated with gold and platinum. Base with rim, signature and portrait of Ernst Fuchs in fine gold. Height 23.5 cm each. Vol. 0.56 litres each. Hand wash recommended.
