

Roman Johann Strobl: Planetarian "Residence Earth", cast wood finish

€380.00

Product no.: IN-727840

The sculptor Roman Johann Strobl is known for his wooden works, for which he sometimes even uses a chain saw: his "Planetarians" show the fine workmanship he is capable of with traditional wooden tools. It is a kind of ecological triptych and shows humans as being attached to the earth, striving from the earth to the sky or, finally, as "planetarians" who will possibly one day also populate other worlds. The replicas are only suitable for wall mounting.

Sculpture as a wall object. Polymer cast in wood finish, partly painted by hand. With the signature of the artist. Size 21 x 30 x 16 cm (w/h/d). Weight approx. 4 kg.
