

Wilhelm Schacht: Picture "Bouquet of Wild Flowers", framed

€370.00

Product no.: IN-690128.R1

The landscape painter, draughtsman and lithographer was a founding member of the Rothenburg Artists' Association. His charming naturalistic still lifes are mostly privately owned and sought after at auctions. The composition of this work of art is reminiscent of Vermeer's painting style: light gently streams into the picture from the side, the actual subject stands out brightly lit against the darker background.

High-quality reproduction using the Fine Art Giclée process technique, handmade on artist's canvas of fine cotton and stretched like an original painting on an adjustable solid wood stretcher frame. The canvas structure is tangible and visible! A noble studio frame with profiled real wood moulding completes the overall appearance. Limited edition of 499 copies. Numbered on a certificate on the back. Size 65 x 52 cm (h/w). Exclusively at ars mundi.
