

Costanzo Mongini: Garden Sculpture "Venera Nera", cast

€4,400.00

Product no.: IN-310815

The sensual body of the black Venus presents itself with intricate perspectives and axes. Her beautiful body forms a soaring diagonal. The dynamic compositions of the renowned Milanese sculptor are never just shapes, instead, they are always captivating with their expressiveness, agile liveliness and spontaneous directness: the Venus of the virtuoso master will magically attract everyone's gaze. It is no coincidence that art lovers pilgrimage to his works and collectors are constantly fascinated by the gripping power of this art. La Venere Nera deserves to be the highlight of a garden design because every angle of view and every new incidence of light reveal an unexplored aspect of the energetically charged corpus.
