

Volker Kühn: 3D Picture "Dove of Peace", framed

€350.00

Product no.: IN-926766

As a messenger and mediator, the white dove is considered the symbol of purity and peace. With his three-dimensional works, the artist conveys good-humoured "life impulses": with a wink, he transforms meditative, motivational and humorous quotations, aphorisms and worldly pearls of wisdom into cheerful, optimistic works of art.

Each 3D object is elaborately handcrafted by the artist, titled and signed by hand in pencil. Framed in a solid wood display case frame, glazed. Size 29 x 25.5 x 6 cm (h/w/d).

The Picture is titled in German "Friedenstaube".
