**Product no.: IN-380828**

La Sorella is a graceful sculpture with a clear contour and a well-formed volume that reflects the light and increases its plasticity to an unmissable presence. La Sorella sits on a plinth of natural diabase stone, but it is not firmly attached to it. This opens up many possibilities for placing the sculpture.

Bronze sculpture, patinated and partially polished. Cast by hand using the Lost-Wax-Process. Limited edition of 1,250 copies, numbered and signed. Lying on a plinth of natural diabase stone (not permanently attached to the object!). Height 12 cm, width 22 cm. Weight 4 kg.
