

David Gerstein: 3D wall sculpture "City on wheels" (2016), aluminium

€9,800.00

Product no.: IN-853854

The spatial effect of his three-dimensional wall objects made of metal is enhanced by the play of light and shadow so that they practically "come to life". They are hand-painted by the artist and are unique pieces that, with their cheerfulness and optimism, set small monuments to the individual in modern urban space.

Gerstein's lovingly designed cyclists fill the streets and thus reclaim the city. Three-dimensional wall sculpture made of hand-painted aluminium in two superimposed layers. Limited edition 150 copies, numbered and signed by hand. Size 116 x 120 cm (h/w).
